For the year 1938-39, at Ingalls Memorial Library, we may report a period of normal activity and usefulness. The new heating plant is producing results which are enjoyed by all who visit the library on wintry days and we are looking forward to an occasional use of the fireplace for late Spring and early Fall when steam heat is not required. This will serve a twofold purpose,—of saving fuel and adding attractiveness to our reading room.

The hurricane passed us by without serious damage removing only some of the slate and the copper coping from the roof, both of which have been replaced. The Selectmen, in view of the urgent need of additional funds after the hurricane, decided to give up the project for the Town offices in the library basement; therefore the protection of the foundation walls from undermining influences of excessive water in rainy periods, which was included in that project, was not accomplished. It seems to the trustees an immediate necessity, that this improvement be taken care of, to insure the stability of the library structure and to prevent a much greater expense if the foundations should settle and the walls drop. For this purpose an article will be introduced in the warrant to see if the Town will raise the required funds. We are also asking for an increase in our regular appropriation, made necessary by our more efficient library service, extra fuel requirements, and lower interest rates on our legacies. But we do feel that in our library we have a worth while asset for our community which gives pleasure and benefit to all of our citizens who choose to use it.

May we at this time thank those who have remembered us with gifts of books, papers and magazines,—Mrs. William Cleaves, Mrs. Ethel Wheeler and Mrs. Richards; and may we express our appreciation to our librarian and janitor for their continued faithful and efficient services.

Respectfully submitted,  
MARGARET S. ALLEN, }

## Exchange of books with West Rindge Branch Library:

Loaned	84
Borrowed	57

The above statistics will show that our book stock is growing, our periodical supply is of a fair size, and our circulation is progressive; also our State government and University Extension service are keeping us well supplied with up to the minute reports. No record has been kept in the past year of books borrowed from the State library or the Public Library Commission although the number has increased considerably over that of the previous year. The low postage rate of  $1\frac{1}{2}$  cents per pound, now in use experimentally, is an inducement for further borrowing so that your librarian is planning to keep a record in the coming year, and wishes to acquaint you with the privilege of securing books which might not be available in our own library.

We are now sending a basket of books periodically to the East Rindge school so that the children in that part of the Town have a better access to our juvenile reading material.

The museum continues to attract visitors, which have numbered about one hundred during the year, exclusive of the numerous visits of the school children. On Old Home Sunday the library was open in the afternoon for the friends coming back to renew old associations and in the fall an exhibition was held of some of the best of the 1938 publications for children. This last event gave to those interested, an opportunity to examine the books at leisure and is an aid in buying.

Your librarian would like to add her plea to that of the Trustees that the Town will allow the funds with which to protect the foundations of the building from the weakening influence of the water flowing into the basement in rainy periods. Many of our townspeople do not realize how valuable is this bit of property which we possess both in the building and its contents. If they did there would be no question about voting the proportionately small sum necessary to secure it for the future.

Respectfully submitted,  
ALICE L. MORGAN, Librarian

### EXCHANGE OF BOOKS WITH INGALLS MEMORIAL LIBRARY

Loaned	57

The closing of the Ware Farm has brought to the West Rindge village many changes, which have seemed to have an adverse effect upon the activity at the library; while the hurricane with the unusual conditions following, may also have contributed a share toward the appreciable drop in circulation for the past year. However, we are looking for a turn upward as the new year progresses.

During the past three months, by way of variation, a group of jig saw puzzles has been introduced in the library. A few have enjoyed matching the various colors and fanciful curves into the beautiful pictures which have delighted many in their completed form.

A number of summer guests have been most enthusiastic over the privileges of our library, and have used it quite regularly when in town. We hope that our year round neighbors will turn over a new leaf in 1939 and avail themselves more frequently of the stimulus and pleasure which comes from reading a good book.

Respectfully submitted,  
ALICE L. MORGAN, Librarian.

Memorial Day Celebrations were passed this year, in fine sunny weather, and the various events passed off with noted success.

According to custom the children assembled at 9.45 a. m., and furnished with wreaths of flowers by Mrs. Whippie, assisted by friends, led by the Rindge Band, marched to the Old Cemetery, where, after prayer, by the Rev. Mr. Bell, the floral tributes were laid on the graves of the Veterans. At the boulder, on the Common the exercises, by the children, led by the Teachers of the various schools, were enjoyed by all present. In the Hillside Burial ground the usual W. R. C. service was held at the graves of the Veterans, decorated. At 11:45 the National colors were displayed on the common by Mr. J. B. Rice and the flag salute ended the mornings proceedings.

At 12.00 lunch was served in the Town Hall and immediately after lunch the Memorial Service, presided over by Mr. A. J. Wellington, commenced in the Church and an appropriate address was given by the Rev. R. R. Denison, of Milford, N. H.

The committee desires, hereby, to thank the Rindge Band, that furnished music throughout the day, and all the friends who in any way assisted in making the celebration a success.

Total Fire Bills \$116 84

I wish to thank all who have obtained permits this past year and to call your attention to the serious menace that confronts us this spring in regard to the fire hazard caused by the hurricane of last September.

Regulation in respect to burning will of necessity be very rigid and will have to advise everyone desiring to do any burning to obtain a permit. This permit does not relieve you of any responsibility, but is a regularity, a requirement for legal burning, so that the Warden knows where burning is being done and can check with the various Watchmen.

I have issued 207 permits this past year.

Respectfully submitted,

**RALPH L. HOYT**

Forest Fire Warden

## GRAVE FOREST SITUATION FOLLOWS SEPTEMBER HURRICANE

Woodland problems of timber salvage and fire control created in many towns by the September hurricane are of the greatest importance. **GOOD CITIZENSHIP CALLS FOR PERSONAL AND WIDESPREAD ACTION!**

*The salvage of every thousand feet of logs which can be sold means money for landowners, wages for workers, employment for trucks, teams and machinery, as well as reduced forest fire hazard for all. If owners of windthrown timber have not yet acted, they should communicate with those who can help. TOWN CHAIRMEN are fully informed; STATE ADVISORY AGENTS can help to start logging by suggesting names of operators and giving other useful advice; FEDERAL AGENCIES are increasing the number of log storage places as rapidly as possible. INDIVIDUALS MUST NOW COOPERATE!*

*Forest fire danger for several years will be greater than usual. So much work must be done by public agencies to reduce hazard along roadsides, near improved and other exposed areas that many places will remain hazardous for some time to come. INDIVIDUAL LANDOWNERS MUST TAKE A PERSONAL INTEREST! Aid in clean-up work through the Agricultural Conservation Program is available to any woodland owner at \$4.00 per acre on areas up to 15 acres. The County Agent should be consulted.*

*Support your local Forest Fire Wardens and Deputies. They are planning, with State and Federal agencies, an intensive campaign to control fires. Help them by strict observance of the fire laws. Kindle no open fires without a permit from the Warden except when the ground is covered with snow. Cooperate by reporting fires you may see and in other ways. Fire fighting tool supplies are inadequate and should be reasonably increased by many towns. YOU CAN HELP, AND IT WILL PAY, TO PREVENT FOREST FIRES!*

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

I submit this, my twenty-first annual report, the thirty-fifth in the series under union supervision.

The enrollment of the Rindge schools during the fall term of the present school year was 91. For the same period a year ago it was 84 and for the entire school year 1937-38 it was 89.

The only change in the teaching force was in the upper grades at Rindge Center where Miss Hamblet gave up her position at the close of the school year in June. This position was filled by the election of Miss Mae Ruth Youngquist, a graduate of Keene Normal School, 1936, with two years of experience in the upper grades in Loudon, N. H.

In October of the present school year Miss Margaret E. Harris, who has rendered efficient service as school nurse for several years, was obliged to give up her work in Rindge as her district was re-organized by taking out Richmond and Rindge, and adding Antrim and Stoddard.

While it was with regret that we lost the services of Miss Harris in the Rindge schools, we were fortunate in securing the services of Mrs. Helen L. Towne who has been carrying on her work as school nurse in Jaffrey for the past five years.

The reports of Miss Harris from January 1, 1938 to October, 1938, and of Mrs. Towne from November, 1938 to January 31, 1939 are submitted at this time, and are deserving of careful attention.

Mrs. F. Emily Stebbins as music supervisor continues her work in an interesting and capable manner.

The work of all the schools has been carried on with excellent results. As far as possible individual attention has been given to pupils needing extra help.

All teachers attended the session of the State Teachers' Association in Concord on October 21st, and also a general teachers' meeting for the supervisory union held in the new Auditorium in East Jaffrey on the evening of November 28th.

Hurricane damage interfered with the Rindge schools less than in most places, although considerable damage was done to the roof of the building at Rindge Center, and the oil burner was out of commission while the electricity was off. The use of rooms in the town hall and church enabled schools to resume their work on the Monday following the disaster.

I desire to thank the school board, teachers, pupils and parents for their support during the past school year.
